FLIPP Ciudadanos del Mundo

Step-by-Step: eSIM Setup

1

Locate eSIM details on your phone

Dial ***#06#** on your phone to see your device info.

Make note of the EID and IMEI2

These numbers are required to activate your eSIM. If no EID is shown, request a physical SIM card [here](#).

2

3

Start the order process

Start your order [here](#).

Enter your EID and IMEI2 as shown in Step 2.

Complete the order process

Choose your start date and plan length, then pay.

4

5

Wait for activation

We'll email your number and activation details after activation.

Connect to Wi-Fi

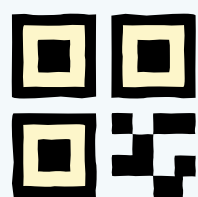

You will need an internet connection to receive and download your eSIM profile.

6

7

Complete eSIM installation

Your phone should install the eSIM automatically. Tap the notification if prompted.

QR code

If the eSIM doesn't install automatically, scan the QR code in your email to complete setup.

8

9

Enjoy your service!

You're now connected.

Need help? Email support@J1SIMcards.com.

Don't Forget!

To avoid service interruption, update your payment method to a U.S. bank card or account before your next monthly payment is due.

Update your payment details [here](#)
